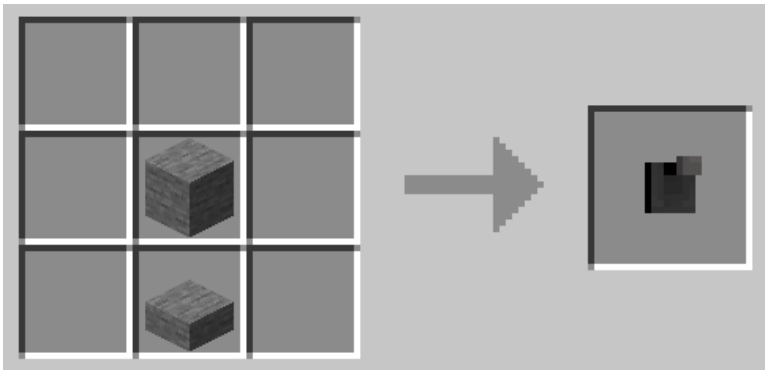
Obtaining

Crafting

Bridle Racks come in a single (gray/black) color.
A bridle rack can be crafted with 1 Stone block and 1 Stone slab.



Usage

Right-click a vertical block with a bridle rack in hand to place. Bridle racks can be mounted on blocks, slabs, fences and wall but look best on full blocks and upside down stairs or top slabs.

A bridle rack can hold one Bridle or Halter at a time. Right-clicking an empty bridle rack with a bridle or halter will place the item, and right-clicking again with an empty hand will remove it.
