Information targets the latest **supported** release. For legacy (older) versions and bug fixes, read the changelogs.

Introduction

Brushes are a tool to increase affinity experience when used daily.

Usage

[Right Click](#) a **tamed** horse with a brush in hand to groom them.

- Horses can be groomed 7 times per Minecraft day - all at once or spread out.
- Experience gains diminish, each groom yields less experience **for that day**.
- Brushing a horse after 7 uses has no negative effects, despite the angry particles.
