Gender Potions

> Information targets the latest **supported** release. For legacy (older) versions and bug fixes, read the changelogs.

Introduction

Gender potions change the gender of a horse.

Brewing

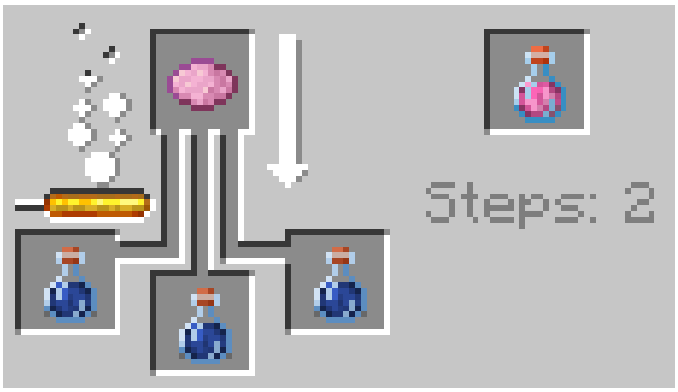

Male Gender Potion

Mundane Potion `(1)`

Blue Dye `(1)`

> Requires a brewing stand with blaze powder.

Female Gender Potion

Mundane Potion `(1)`

Pink Dye `(1)`

> Requires a brewing stand with blaze powder.

Usage

`Right Click` a horse with the potion in hand to apply it. This consumes the item (single use).

- If the horse is the same gender as the potion, it will not work (mounts the horse if tamed).
- If the horse is the opposite gender, it will confirm `[Name] was changed from a mare/stallion to a mare/stallion.`
