Trivia

Angel (Angel Dust) is the appreciation coat of SWEM Cavalier (Moderator) RileyCasper who initially joined SWEM to help with various administrative tasks and quickly became a core source of support and assistance in Queens Cavalry streams, VIP server management and Wiki-Website resources.

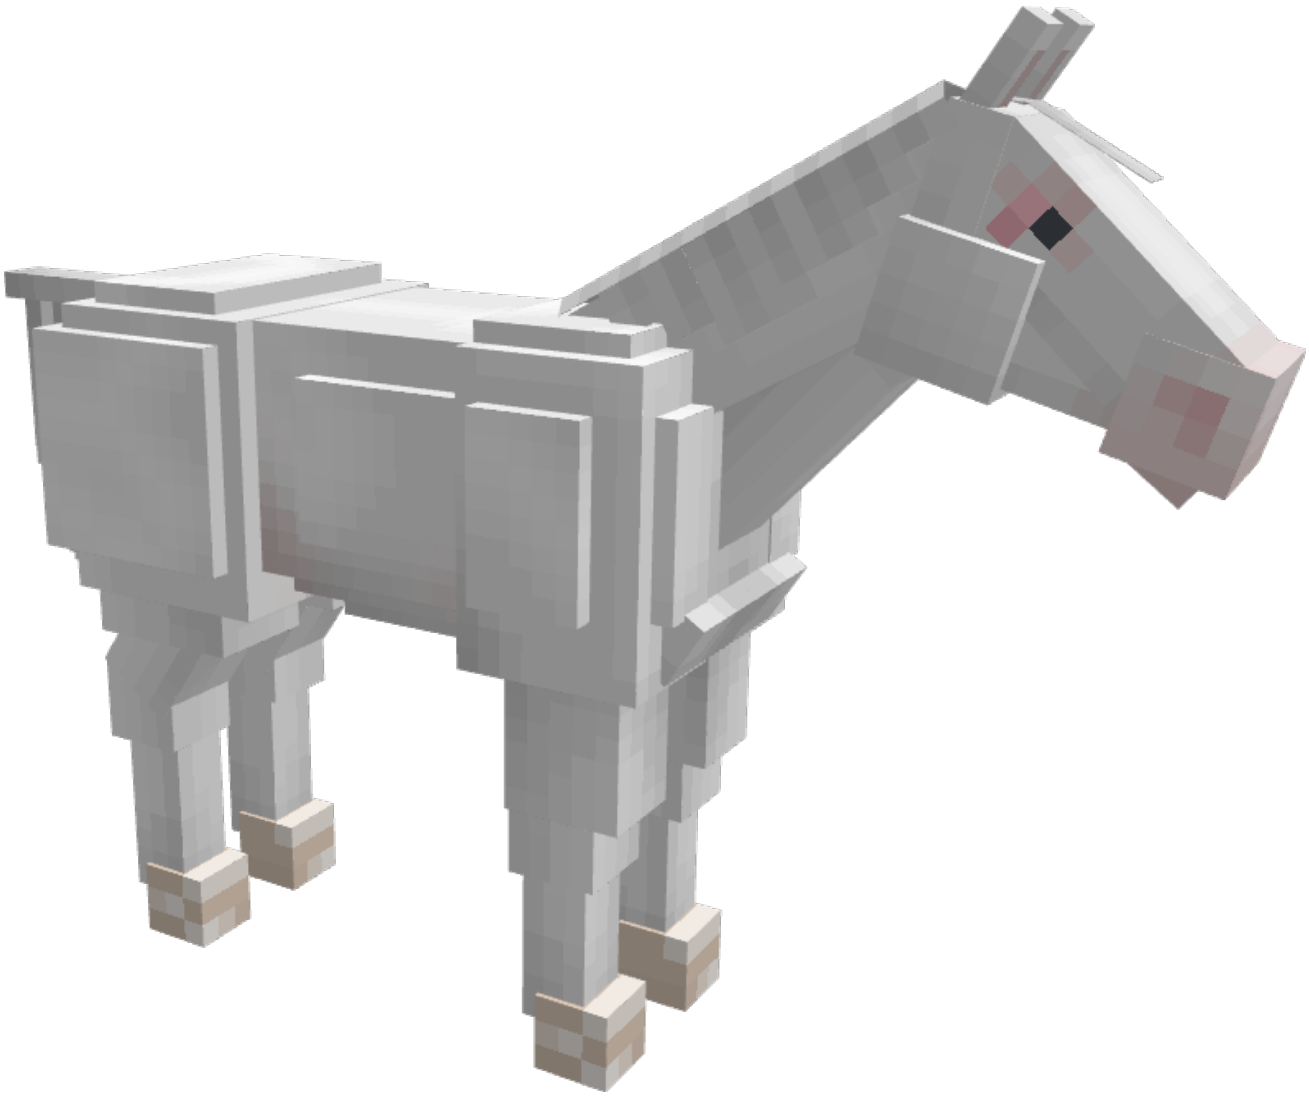

Angel as a pixel horse is a routine presence wherever Riley goes; on the Beta server, the VIP server and now the QC streams. For all their work and contributions, the addition of an appreciation coat more tailored to their vision was well deserved. Angel is one of only a few coats boasting heterochromia and (to date) the only coat with a cosmetic enhancement that would not be explainable due to genetics (pink hearts).
