Trivia

Frank is a real horse associated with *Stevecv*, owner of EquisCraft, who has always been close with the SWEM team. Frank is fondly known and loved for his adorable appearance and personality.

Frank's coat, known as 'tri-colour skewbald' may be known by other names, such as Pinto. Skewbald is a term frequently used in the UK to identify a brown or chestnut horse with white markings, as opposed to a Piebald which is white and black. The term 'tri-colour' is a somewhat colloquial phrase to differentiate a bay Skewbald that retains some expression of a black mane and tail (meaning 3 colours are present; brown, black, white). The most common genetics or markings seen in skewbald horses is that of Tobiano, but skewbald-type markings can be caused by other genetic factors such as Frame Overo, Splash and Sabino. It is possible that several of those could be present on a horse at one time.
