Obtaining

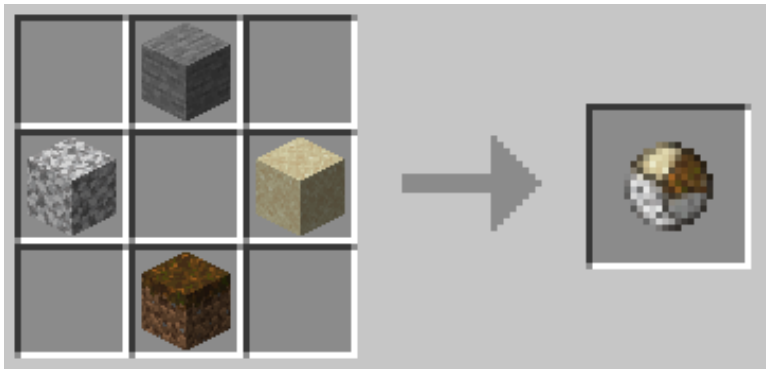

> Secret coats can be configured via the server config. If **disabled** secret coats can only be acquired via summon commands.

Galaxy is a secret coat and can only be acquired via a specific item obtained from a multi-step process.

[SPOILER] Solution

Offerings
Step One of obtaining a galaxy coat requires crafting the five elemental offerings.

Earth: Stone, Sand, Podzol and Diorite.

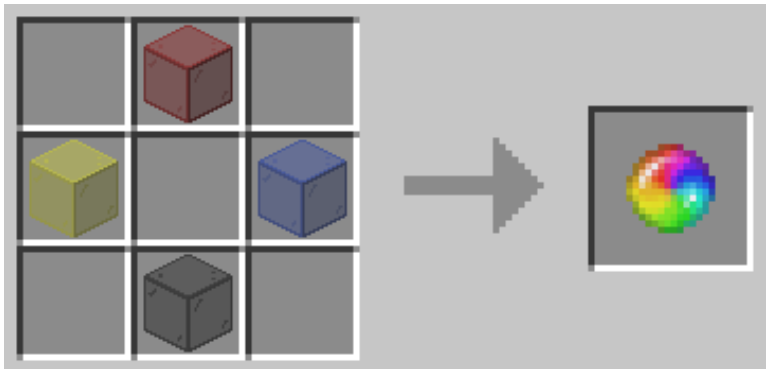

Life: Pink Tulip, Dark Oak Sapling, Birch Sapling, Blue Orchid

Nova: Redstone, Gold, Lapis Lazuli, Emerald

Vibrant: Red, Blue, Black and Yellow Stained Glass.

Ocean: Pufferfish, Bubble Coral Block, Ink Sac, Kelp.

Gallaxorium Offering
Step Two is to combine all the crafted offerings into a Gallaxorium Offering.

Gallaxorium Offering: Vibrant, Life, Ocean, Earth and Nova offerings.

Enchant
The Galloxorium offering must be enchanted with the Galaxy Coat Enchantment - this will become Gallaxium once removed from the enchanting table.

> **Bug Fix:** Gallaxium can be acquired via enchanting as of the latest 1.18 SWEM release.

Gallaxium Offering
The Gallaxium offering must be taken to a level above y250 to turn it into a **Gallaxia Offering**. Right clicking a horse with this offering will turn them into the Galaxy coat.

Trivia

The Galaxy coat was one of only two original secret coats created and implemented into the mod during late alpha / early beta testing. For much of beta testing, these coats were unobtainable to preserve the secret of their appearance and existence so the wider SWEM community could share in the experience of finding and creating them (protecting secrets until release).

To date they remain the only coats with a complex multi-step process to acquire, rewarding the player with a stunning magical galaxy horse coat.
