Hose

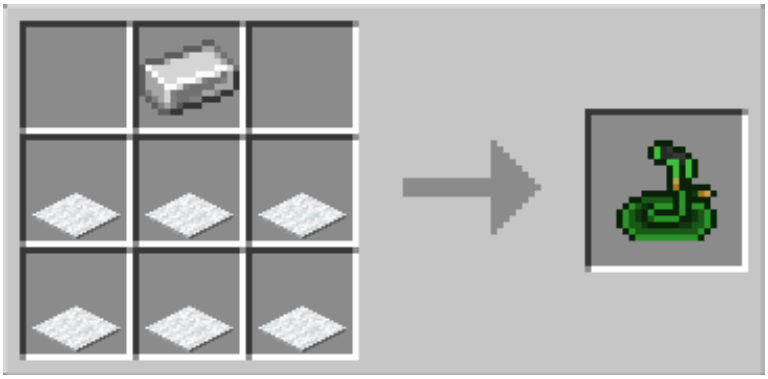

Description: A Hose is an item that can remove SWEM Horse pee stains from blocks and fill troughs and half barrels in range of a Block O' Water.

Details:

Rarity color:	Common
Renewable:	Yes
Stackable:	No
Durability:	None

Obtaining

Crafting
Hoses come in a single (green) color.
A hose can be crafted with 6 Wool Carpet (any) and 1 Iron Ingot.

Usage

> Hoses/Spigots requiring a Block O' Water is a configurable value in common configs. It is enabled (true) by default.

Water Source

Hoses within a 15 block radius of a Block O' Water will display a small inventory texture indicator that they are connected to a water source. When the player is out of range, the indicator will change from blue to transparent.

Cleaning

Right clicking a puddle of horse Pee while holding a hose will clear it. A hose will clean pee puddles regardless of whether there is a Block O' Water nearby. The hose will be ineffective against Shavings and should be cleared up with a pitchfork instead.

Water

Right clicking troughs and half barrels will fill one water level per use.

Known Issues

If you find an issue, please report it to our bugs channel on Discord. We ask that you look to see if your issue was reported first!

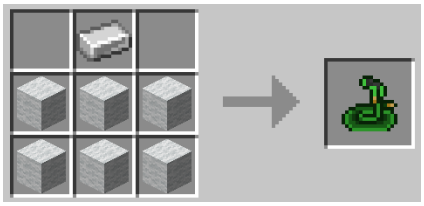

- Hoses cannot be clean pee in adventure mode or in protected areas on Multiplayer.
