Trivia

Kharema is the appreciation coat of Texture & Coat Artist, Cytris, who has created many of the SWEM textures players will see in-game, and is always the one to call when something needs to be done quickly and well. Cytris contributes a great deal to SWEM and SWDM and has recently progressed to working on Coat art - so what better than one of their earliest coats to be a personal appreciation coat!

“ Kharema or "Kitsa" was my horse growing up. She was a short but feisty Arabian mare who loved to go go go. She had a sister who shared a mirror version of her facial marking. We called them crescent sisters. The design went very smooth as I have tons of photos of her. I managed to get every detail of hers into cube form!
