Usage

Leg wraps are an optional part of any tack set. This tack item can only be used following a bridle or halter (which can be removed after).

Right click a tamed SWEM Horse with leg wraps in hand to equip it - or open the horse's GUI menu (shift + right click with an empty hand) to place the item in the designated tack spot. If a horse already has leg wraps on, you can easily 'hotswap' it for another by shift + right-clicking with the new leg wraps in hand.

> Tack-equip order: Bridle > Blanket > Saddle > Girth Strap. Optional: Breast collar, Leg Wraps, Horse Armor, Saddle Bag

Leg wraps do not offer any perks or buffs, and you can use any leg wraps with any other riding tack pieces to mix English, Western & Adventure. The only exception is Adventure Legwraps require a full matching set to use Horse Armor, but once the armor is put on the legwraps can be 'hotswapped' out for different versions.

- **English Leg Wraps:** 16 Color wraps that cover the lower leg, front of hooves and comes with a matching colour earnet.
- **Western Leg Wraps:** 16 Color wraps that cover the lower leg and hock **without** an earnet.
- **Adventure Leg Wraps:** Dark gray wraps that cover the lower leg.
