Charcoal Block

Description: A condensed charcoal block.

Details:

Rarity color:	Common
Renewable:	Yes
Stackable:	Yes (64)
Durability:	None

Obtaining

Crafting

A charcoal block can be crafted with 9 Charcoal.

Usage

They can also be placed in furnaces, blast furnaces or smokers to power them. They are equal to 10 coal or charcoal (800 seconds) - the same as coal blocks. As charcoal can be easily produced with logs, charcoal blocks represent a relatively cheap and easy alternative to coal for smelting.

Charcoal Blocks can sustain a permanent fire, similar to netherack, when lit with a flint and steel. They can fire-spread.
