

Commands

Commands

A user can run SWEcoM commands if:

- They have commands (cheats) enabled on a singleplayer world.
- Have OP or relevant permissions (or rank) on a multiplayer server.

Typing `/summon swem:` will provide an autofill list of SWEM entities.

```
/swecom balance
```

View your wallet balance.

```
/swecom balance check playername
```

[OP] View the balance of a specific player.

```
/swecom transfer playername(sender) playername(recipient) amount reference(optional)
```

Example:

```
/swecom transfer myname yourname 200 Boarding Money
```

Transfer money from one player to another, with an optional reference (to let the recipient know what the money is for).

```
/swecom giftbag name
```
