Coat Information	
Data Value:	#64
Obtainable:	Lapis / Redstone
Category:	Users Choice
Version Added:	V1 (Beta)

Artist:	Arishant
----------------	----------

Trivia

Domino may be referred to as a Gray Snowcap (and is listed as such on SWEM coat documents) as he was added with a number of gray and gray-inspired coats. He is most likely a black base, with snowcap appaloosa markings - but perhaps there's some 'graying' going on too!

Domino was once #66, but since Hannah loves him and he has the cursed value, he was changed to 64.
