## Obtaining

**Crafting**

Rose Feed comes in 1 (white, green & red) color.

Rose Feed is be crafted with 1 [Sweet Feed](#) and 1 Rose.

## Usage

A bag of rose feed starts out unopened until right-clicked in hand to open. This gives the item's inventory texture a slightly crumpled appearance. Each bag of rose feed can be used four times before it is used up (disappears). Right-click a [grain feeder](#) with an open rose feed bag in hand to fill up the feeder. [SWEM Horses](#) will eat from accessible grain and [hay-feeders](#) when hungry.

## Known Issues

If you find an issue, please report it to our bugs channel on [Discord](#). We ask that you look to see if your issue was reported first!

- **[ - ]** Shavings can sometimes obstruct horse pathing to grain feeders (so horses do not eat rose feed).
