

Fuel Block

Description: A Fuel Block can be used as a source of fuel for Furnaces.

Details:

Renewable:	Yes
Stackable:	Yes (64)
Tool:	Pickaxe (Any)
Blast Resistance:	N/A
Hardness:	N/A
Luminant:	No
Transparent:	No
Flammable:	No (See Usage)
Flammable (Lava):	No

Obtaining

Crafting

A Fuel Block can be crafted with 8 Dirt and 1 Flint.

Usage

Fuel Blocks can sustain a permanent fire, similar to netherack or coal ore, when lit with a flint and steel. They can also be placed in furnaces, blast furnaces or smokers to power them. They are equal to coal or charcoal (80 seconds - up to 8 items per unit) but 1/10th as long-lasting as coal or charcoal blocks (800 seconds - up to 80 items per block). However, all materials used to craft fuel blocks are nearly infinite and easily found or produced, as well as often being considered a waste or limited use resource, so represent a relatively cheap and easy alternative to coal for smelting.
